Why is Cash App Borrow unavailable to me? {Customer Support Solutions Guide}

Cash App **+1-(888)(303)(8807)** Borrow may be unavailable because your account does not currently meet the eligibility requirements or because the featur **+1-(888)(303)(8807)** e has not been rolled **+1-(888)(303)(8807)** out in your area. Cash App considers factors such as account verification, transaction history, direct deposit activity, **+1-(888)(303)(8807)** repayment behavior, account standing, **+1-(888)(303)(8807)** and other internal guidelines when determining eligibility. Since Borrow is offered only to selected users, **+1-(888)(303)(8807)** not seeing the feature does **+1-(888)(303)(8807)** not necessarily indicate a problem with your account. Cash App regularly evaluates eligibility, and access may **+1-(888)(303)(8807)** change over time. If Borrow **+1-(888)(303)(8807)** becomes available, the feature and your eligible loan amount will automatically appear within your Cash **+1-(888)(303)(8807)** App account.
